Dear Lloyd

It was useful to talk yesterday and gain a better idea of what information I can help you with.

Factually, I understand, this is what you wish me to confirm:

1. John Murray worked for TDA from April 1996 to December 1997 in the capacity of Director.
2. Jeff St Paul came to work at TDA as an enterprise specialist in October 1996. He is still working for TDA but under a self-employed contract for services. (This change in status from fully employed to self employed better reflected Jeff's new requirements given other things he needed to do.)
3. With regards to your attendance on a TDA Entrepreneur Development Programme, I can confirm that this was, I believe, at the request of Jeff Taylor of West London TEC.
4. With reference to the SRB Bid No 96/139 I don't believe I can help you on any correspondence between ourselves and WLTEC. It is not something in which, to my knowledge, we directly had involvement.

However, as you have raised this request, I am going to check with John and Jeff to see if there is anything of which I am unaware. On this particular part of your letter I will need to come back to you.

5. With reference to the EDP contents, I enclose a write-up and brochure which set out the programme approach and core content. We have refined and added to this over the years but essentially it is a start-up programme with much emphasis on personal growth and getting the essentials in place.

I trust that this information suffices.

As indicated, I will come back to you on point (4) as soon as I have further checked this out but an initial review of documents we hold at TDA indicates that I don't have any correspondence on this topic.

Yours sincerely

Chris Dunn  
Chief Executive
