19 March 1996

Dear Mr Odusanwo,

Mr Bichard has asked me to thank you for your letter of 27 February enclosing your proposal for an integrated business centre.

It is always interesting to see proposals of this kind. You will, however, be aware that it is for local partners such as TECs and Business Links to take them forward. It is primarily through them that training and advice for businesses is coordinated.

Mr Bichard has also asked me to thank you for inviting him to visit your College. Unfortunately his diary is heavily committed during the next few months and he regrets that he will not be able to accept your invitation.

Yours sincerely,
Dawn Taylor
